FL60 Spot beam LED Floodlight

Illuminates areas on longer distances

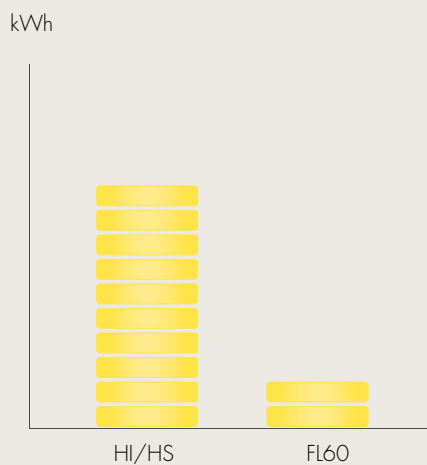

Low weight

The FL60 spot beam is made of seawater resistance aluminum and mounted by stainless steel frame and bracket. The combination of these materials provide a solid floodlight with low weight of less than 20 kg for the 4 module version.

FL60 Spot beam

Substantial savings on energy consumption

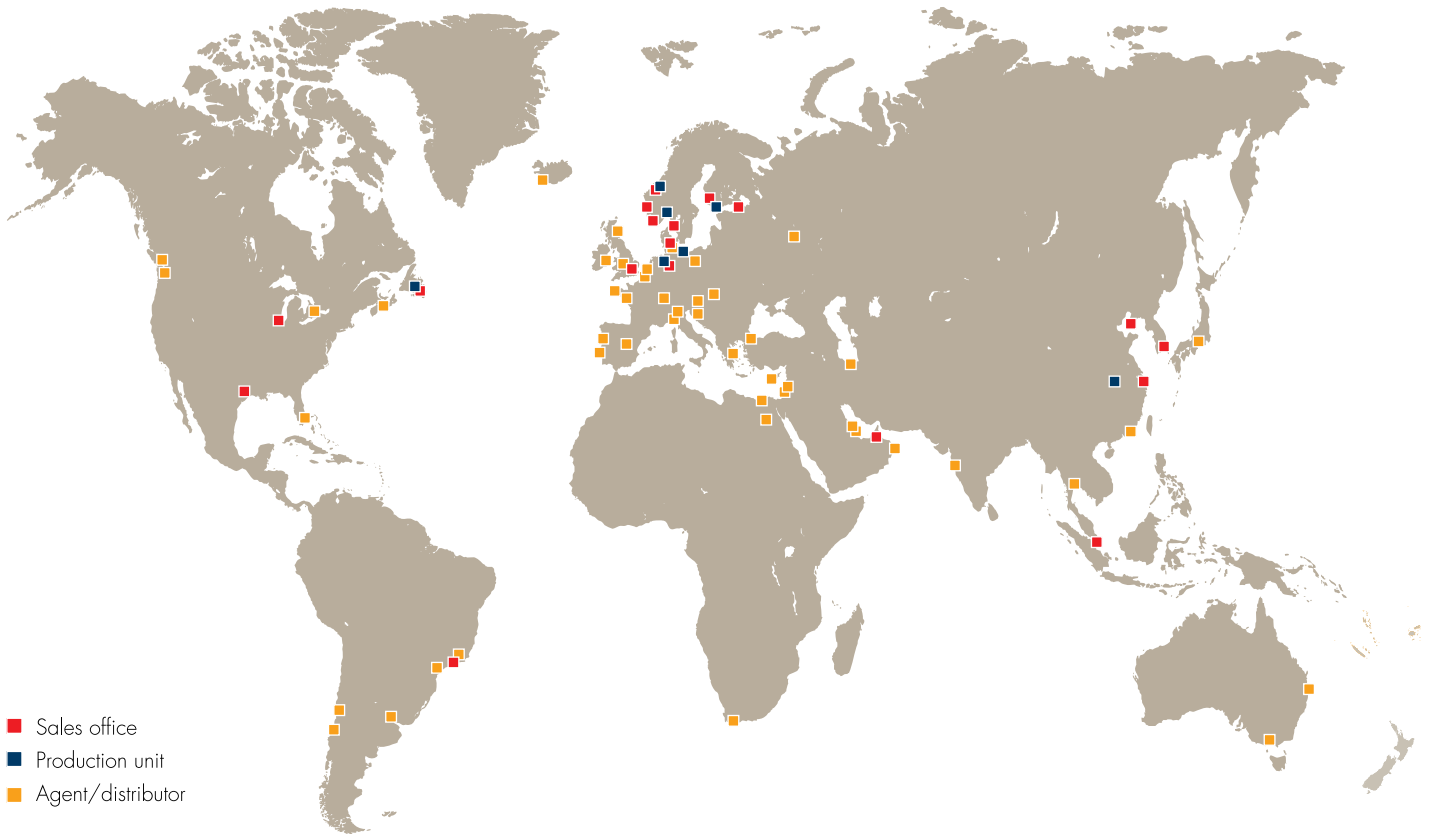

Energy consumption

FL60 consumes ~25% of energy compared to high pressure sodium lamps.

Please refer to our website for information about our 5-year warranty.
